# COVID-19 TESTING

## At Bergen New Bridge Medical Center

Bergen New Bridge offers several options for COVID-19 testing. You can request an appointment online by going to our website at [www.newbridgehealth.org](http://www.newbridgehealth.org).

The tests we offer are:

- COVID-19 nasal swab test
- COVID-19 saliva test
- Rapid antigen test for work or travel clearance
- COVID-19 antibody test

After completing the screening survey, you will be in a queue for a telehealth assessment. During the telehealth visit, be sure to advise our team if you are interested in the saliva test.

230 East Ridgewood Ave. Paramus, NJ 07562  
NewBridgeHealth.org

COVID testing costs covered by most insurance plans.  
Bergen New Bridge Patient Financial Services can assist  
with Medicaid and charity care coverage.
