January 2, 2018

December and the first semester have come and gone. With semester grades becoming finalized, they will be available online through PowerSchool. Please call the office if you need help accessing PowerSchool or want a hard copy of your child's report card.

It was great to be able to celebrate Christmas and a new year. I am making a personal commitment to be more involved in the lives of our students and support them in their endeavors. It all starts with their academic journey here at Kaycee School. As a middle school and high school staff, we've decided to make some minor changes to how we help students succeed academically. In my next correspondence, I will be attaching a list of the new changes that we're hoping will help students be more engaged and less distracted in their classes. You may also ask your students about them since we'll be presenting them in a middle school/high school assembly tomorrow.

Also in January, we will be having many events at the school, including our first high school home basketball games and the beginning of the Winter Interim WY-TOPP testing window. As a reminder, we do have school this Friday, January 5th, as well as on January 19th. There will be no school on January 15th due to a teacher professional development day.

Finally, on January 11th, all students in grades 5-12, in separate sessions, will be traveling to Buffalo to listen to popular speaker V.J. Smith. Mr. Smith travels throughout the United States and Canada. He is the author of "The Richest Man in Town" and speaks about gratitude among other topics. Please ask your students about it when they return from school that day.

Sincerely,

Jason M. Moss, Principal
